GAURAV GUPTA

DOB: 16/06/1999; Male | Mobile: 8290833591 | mailto:gaurav.jindoli@gmail.com | Github | LinkedIn |
DockerHub | Website | HackerEarth | HackerRank

KEY QUALIFICATIONS

- Risk Management
- Analytical and problem solving
- Strategic Planning
- Organization and time management

- Attention to detail and follow through
- Technology Implementations
- Cross-Cultural Work
- Cross-Functional Team Leadership

TECHNICAL EXPERTIES

- **Programming Language**: Java 8, C++, Python, Rust, Scala, .NET
- **Frameworks**: Spring, Angular, React JS, HUGO, Remix JS, NEXTJS
- **Frontend**: HTML, XHTML, CSS, Javascript, Typescript, Bootstrap, Thymeleaf, Jquery
- **Backend**: NodeJS, Django, Spring Boot
- **Database**: MySQL 5.0, Mango DB, ElasticSearch, GraphQL, Neo4j
- **Version Control System**: Git, Jenkins
- **Tools**: Eclipse, intelliJ IDEA, Visual studio, Postman, Selenium
- **Operating System**: Windows, CentOS, OpenSUSE, Ubuntu
- **Automation Tools**: Ansible, Puppet
- **Containerization**: Docker and Kubernetes
- **Cloud Computing**: AWS, Azure, Google Cloud Platform
- **Unit Testing**: JUnit, Mockito
- **RESTful API** & Microservices, polyglot persistence, Enterprise Messaging, API Management (service discovery, config server & API Gateway)

PROFESSIONAL CERTIFICATIONS

- **National finalist at "Open Government Data Hackathon"** competition, Goverment of India, Jaipur, 2017. My team and I worked develop innovative solutions that leveraged open data to address railway ticket status check problem.
- March Circuits `23, HackerEarth, Online, 2023. Achieved the **114th rank in an International Coding Competition**. Link: https://drive.google.com/file/d/1QTVXRXMx5OENg4gVrmH9eNiP3-3a3vcD/view
- Python (Basic), Hackerrank, Online, 2020. Link: https://www.hackerrank.com/certificates/209d68059b1a

EDUCATION

Arya College of Engineering and IT, Jaipur, RJ   2018
B.Tech, Electrical Engineering
Percentage: 65.3

Gurukul Public School (Rajasthan Board), Alwar, RJ   2014
12th, Physics, Chemistry, Math
Percentage: 71.4

Bal Bharti Public School (Rajasthan Board), Alwar, RJ   2012
10th
Percentage: 58.5

EXPERIENCE

StackRoute®, an NIIT initiative, Remote   2022 to Present
Trainee
The program covers true full-stack, which includes Responsive Web designs, Single Page Applications (SPA), RESTful API & Microservices, polyglot persistence, test automation at all layers, Enterprise Messaging, API Management (service discovery, config server & API Gateway), CI/CD, cloud deployment, Agile & Product Engineering practices.

- **Jukebox application** in Core Java that allows users to play audio songs and podcasts while also providing features such as previous and next song selection. Link: https://github.com/GauravScripts/JukeBox

- Build **Dispatch Dynamo Product**. Connecting Vendors and Customers to streamline logistics delivery processes. The project utilized a range of cutting-edge technologies. Link: https://github.com/GauravScripts/Dispatch-Dynamo
